

Ionia Road – M-79 to Kinsel Highway

Updated: June 2, 2020

Expected Start Date: Mid to Late June, 2020

Scheduled Completion Date: September 25, 2020

Township: Kalamo

Description: This project was bid in May 2020. The low bid for this project was from Hunter-Prell Company of Battle Creek for \$586,782.50. Work includes trenching along the road, placing material to construct a sub-base for paved shoulders, placing sand and gravel for the shoulder base, and crushing and shaping the existing road. After the Ionia Road widening work is complete, the road will be paved 30 feet wide and gravel shoulders placed. The paving and gravel shoulders are expected to be complete by Mid-October 2020.

Prior to this project, two (2) culverts will be replaced. The road will be closed while the culverts are being replaced, but will be open until the widening project begins.

During the project, the road will be closed to through traffic, but access will be maintained to all driveways along the project.

Mailboxes will be temporarily relocated during this project. The temporary mailbox location will be determined by the Post Office and residents will be informed of the proposed location. After the project is complete, mailboxes will be reinstalled at the original location.

If you have any questions, you may locate the Eaton County Road Commission Inspector on site, or you may contact the project engineer, Mathew Hannahs, P.E.
