

EATON COUNTY ROAD COMMISSION

POLICY NO. 2015-02: FREEDOM OF INFORMATION ACT PROCEDURES AND GUIDELINES

It is the policy of the Eaton County Road Commission that all persons, except those who are serving a sentence of imprisonment, consistent with the Michigan Freedom of Information Act (FOIA), are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. The people shall be informed so that they fully participate in the democratic process.

The Eaton County Road Commission's policy with respect to FOIA requests is to comply with State law in all respects and to respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes such a request.

The Eaton County Road Commission acknowledges that it has a legal obligation to disclose all nonexempt public records in its possession pursuant to a FOIA request. The Eaton County Road Commission acknowledges that sometimes it is necessary to invoke the exemptions identified under FOIA in order to ensure the effective operation of government and to protect the privacy of individuals.

The Eaton County Road Commission will protect the public's interest in disclosure, while balancing the requirement to withhold or redact portions of certain records. The Eaton County Road Commission's policy is to disclose public records consistent with and in compliance with State law.

Section 1: General Policies

The Eaton County Board of Road Commissioners, acting pursuant to the authority at MCL 15.236, designates the Finance Director as the FOIA Coordinator. He or she is authorized to designate other Road Commission staff to act on his or her behalf to accept or process written requests for the Road Commission's public records and to approve denials.

If a request for a public record is received by facsimile or e-mail, the request is deemed to have been received on the following business day. If a request is sent by e-mail and delivered to a Road Commission spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall note in the FOIA log both the date the request was delivered to the spam or junk-mail folder and the date the FOIA Coordinator became aware of the request.

The FOIA Coordinator shall review Road Commission spam and junk-mail folders on a regular basis, which shall be no less than once a month. The FOIA Coordinator shall work with Information

Technology consultants to develop administrative rules for handling spam and junk-mail so as to protect Road Commission systems from computer attacks which may be imbedded in an electronic FOIA request.

The FOIA Coordinator may, in his or her discretion, implement administrative rules, consistent with State law and these Procedures and Guidelines, to administer the acceptance and processing of FOIA requests.

The Road Commission is not obligated to create a new public record or make a compilation or summary of information which does not already exist. Neither the FOIA Coordinator nor other Road Commission staff are obligated to provide answers to questions contained in requests for public records or regarding the contents of the records themselves.

The FOIA Coordinator shall keep a copy of all written requests for public records received by the Road Commission on file for a period of at least one year.

Section 2: Requesting a Public Record

A person requesting to inspect or obtain copies of public records prepared, owned, used, possessed or retained by the Eaton County Road Commission must do so in writing. The request must sufficiently describe a public record so as to enable Road Commission personnel to identify and find the requested public record.

No specific form to submit a request for a public record is required. However, the FOIA Coordinator may make available a FOIA Request Form for use by the public.

Written requests for public records may be submitted in person or by mail to the office of the Road Commission. Requests may also be submitted electronically by facsimile and e-mail. Upon their receipt, requests for public records shall be promptly forwarded to the FOIA Coordinator for processing.

A person may request that public records be provided on non-paper physical media, electronically mailed or otherwise provided to him or her in digital form in lieu of paper copies. The Road Commission will comply with the request only if it possesses the necessary technological capability to provide records in the requested non-paper physical media format.

A person may subscribe to future issues of public records that are created, issued or disseminated by the Eaton County Road Commission on a regular basis. A subscription is valid for up to 6 months and may be renewed by the subscriber.

A person who makes a verbal, non-written request for information believed to be available on the Road Commission's website, where practicable and to the best ability of the employee receiving the request, shall be informed of the pertinent website address.

A person serving a sentence of imprisonment in a local, state or federal correctional facility is not entitled to submit a request for a public record. The FOIA Coordinator will deny all such requests.

Section 3: Processing a Request

Unless otherwise agreed to in writing by the person making the request, the Road Commission will issue a response within 5 business days of receipt of a FOIA request. If a request is received by facsimile, e-mail or other electronic transmission, the request is deemed to have been received on the following business day. The Road Commission will respond to the request in one of the following ways:

- Grant the request.
- Issue a written notice denying the request.
- Grant the request in part and issue a written notice denying in part the request.
- Issue a notice indicating that due to the nature of the request, the Road Commission needs an additional 10 business days to respond. Only one such extension is permitted.
- Issue a written notice indicating that the public record requested is available at no charge on the Road Commission's website.

If the request is granted, or granted in part, the FOIA Coordinator will require that payment be made in full for the allowable fees associated with responding to the request before the public record is made available. The FOIA Coordinator shall provide a detailed itemization of the allowable costs incurred to process the request to the person making the request. A copy of these Procedures and Guidelines shall be provided to the requestor at no cost with the response to a written request for public records, provided however, that if the Procedures and Guidelines, and its Written Public Summary, are maintained on the Road Commission's website, then a website link to those documents may be provided in lieu of providing paper copies.

If the cost of processing a FOIA request is \$50 or less, the requestor will be notified of the amount due and where the documents can be obtained.

If, based on a good faith calculation by the Road Commission, the cost of processing a FOIA request is expected to exceed \$50, or if the requestor has not fully paid for a previously granted request, the Road Commission will require a good-faith deposit before processing the request. In making the request for a good-faith deposit, the FOIA Coordinator shall provide the requestor with a detailed itemization of the allowable costs estimated to be incurred by the Road Commission to process the request and also provide a best efforts estimate of a time frame it will take the Road Commission to provide the records to the requestor. The best efforts estimate shall be nonbinding on the Road Commission, but will be made in good faith and will strive to be reasonably accurate, given the nature of the request in the particular instance, so as to provide the requested records in a manner based on the public policy expressed by Section 1 of the FOIA.

If the request is denied or denied in part, the FOIA Coordinator will issue a Notice of Denial which shall provide in the applicable circumstance:

- An explanation as to why a requested public record is exempt from disclosure; or

- A certificate that the requested record does not exist under the name or description provided by the requestor, or another name reasonably known by the Road Commission; or
- An explanation or description of the public record or information within a public record that is separated or deleted from the public record; and
- An explanation of the person's right to submit an appeal of the denial to either the Eaton County Board of Road Commissioners or to seek judicial review in the Eaton County Circuit Court; and
- An explanation of the right to receive attorneys' fees, costs, and disbursements as well as actual or compensatory damages, and punitive damages of \$1,000, should they prevail in Circuit Court.
- The Notice of Denial shall be signed by the FOIA Coordinator.

If a request does not sufficiently describe a public record, the FOIA Coordinator may, in lieu of issuing a Notice of Denial indicating that the request is deficient, seek clarification or amendment of the request by the person making the request. Any clarification or amendment will be considered a new request subject to the timelines described in this section.

The Road Commission shall provide reasonable facilities and opportunities for persons to examine and inspect public records during normal business hours. The FOIA Coordinator is authorized to promulgate rules regulating the manner in which records may be viewed so as to protect Road Commission records from loss, alteration, mutilation or destruction, and to prevent excessive interference with normal operations.

The FOIA Coordinator shall, upon written request, furnish a certified copy of a public record at no additional cost to the person requesting the public record.

Section 4: Fee Deposits

If the fee estimate is expected to exceed \$50 based on a good-faith calculation by the Road Commission, the requestor will be asked to provide a deposit not exceeding one-half of the total estimated fee.

If a request for public records is from a person who has not fully paid the Road Commission for copies of public records made in fulfillment of a previously granted written request, the FOIA Coordinator will require a deposit of 100% of the estimated processing fee before beginning to search for a public record for any subsequent written request by that person when all of the following conditions exist:

- The final fee for the prior written request is not more than 105% of the estimated fee;
- The public records made available contained the information being sought in the prior written request and remain in the Road Commission's possession;
- The public records were made available to the individual, subject to payment, within the time frame estimated by the Road Commission to provide the records;
- Ninety (90) days have passed since the FOIA Coordinator notified the individual in writing that the public records were available for pickup or mailing;

- The individual is unable to show proof of prior payment to the Road Commission; and
- The FOIA Coordinator has calculated a detailed itemization that is the basis for the current written request's increased estimated fee deposit.

The FOIA Coordinator will not require an increased estimated fee deposit if any of the following apply:

- The person making the request is able to show proof of prior payment in full to the Road Commission;
- The Road Commission is subsequently paid in full for the applicable prior written request; or
- 365 days have passed since the person made the request for which full payment was not remitted to the Road Commission.

Section 5: Calculation of Fees

A fee will not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in unreasonably high costs to the Road Commission because of the nature of the request in the particular instance, and the Road Commission specifically identifies the nature of the unreasonably high costs.

The following factors shall be used to determine an unreasonably high cost to the Road Commission:

- The particular request incurs costs greater than incurred from the typical or usual request received by the Road Commission.
- Volume of the public record requested.
- Amount of time spent to search for, examine, review and separate exempt from non-exempt information in the record requested.
- Whether public records from more than one Road Commission department or various Road Commission locations is necessary to respond to the request.
- The available staffing to respond to the request.
- Any other similar factors identified by the FOIA Coordinator in responding to the particular request.

The Road Commission may charge for the following costs associated with processing a FOIA request:

- Labor costs directly associated with searching for, locating and examining a requested public record.
- Labor costs associated with a review of a record to separate and delete information exempt from disclosure.
- The actual cost of computer discs, computer tapes or other digital or similar media, when a request is made to provide public records on non-paper physical media.
- The cost of duplication or publication, not including labor, of paper copies of public records.

- The cost of labor associated with duplication or publication, including making paper copies, making digital copies or transferring digital public records to non-paper physical media or through the Internet or other electronic means.
- The actual cost of mailing or sending a public record.

Labor costs will be calculated based on the following requirements:

- All labor costs will be estimated and charged in 15 minute increments with all partial time increments rounded down.
- Labor costs will be charged at the hourly wage of the lowest-paid Road Commission employee capable of doing the work in the specific fee category, regardless of who actually performs the work.
- If using contract or outside labor to separate and delete exempt material from non-exempt material, the Road Commission will clearly note the name of the person or firm who does the work, and the total labor cost may not exceed an amount 6 times the state minimum hourly wage.
- Labor costs will also include a charge to cover or partially cover the cost of fringe benefits. The Road Commission may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits.
- Overtime wages will not be included in labor costs until agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost.

The cost to provide records on non-paper physical media when so requested will be based on the following requirements:

- Computer disks, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media.
- This cost will only be assessed if the Road Commission has the technological capability necessary to provide the public record in the requested non-paper physical media format.
- In order to ensure the integrity and security of the Road Commission's technological infrastructure, the Road Commission will procure any requested non-paper media and will not accept non-paper media from the requestor.

The cost to provide paper copies of records will be based on the following requirements:

- Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$0.10 per sheet of paper. Copies for non-standard sized sheets of paper will reflect the actual cost of reproduction.
- The Road Commission may provide records using double-sided printing, if cost-saving and available.

The cost to mail records to a requestor will be based on the following requirements:

- The actual cost to mail public records using a reasonably economical and justified means.
- The Road Commission may charge for the least expensive form of postal delivery confirmation.
- No cost will be made for expedited shipping or insurance unless requested.

If the FOIA Coordinator does not respond to a written request in a timely manner, the following shall be required of the Road Commission:

- Reduce the labor costs by 5% for each day the Road Commission exceeds the time permitted under FOIA up to a 50% maximum reduction, if any of the following applies:
 - The late response was willful and intentional.
 - The written request, within the first 250 words of the body of a letter facsimile, e-mail or e-mail attachment, conveyed a request for information.
 - The written request included the words, characters, or abbreviations for “freedom of information,” “information,” “FOIA,” “copy” or a recognizable misspelling of such, or legal code reference to MCL 15.231 et seq or 1976 Public Act 442 on the front of an envelope or in the subject line of an e-mail, letter or facsimile cover page.
- Fully note the charge reduction in the Detailed Itemization of Costs Form.

Section 6: Waiver of Fees

The cost of the search for and copying of a public record may be waived or reduced if, in the sole judgment of the FOIA Coordinator, a waiver or reduced fee is in the public interest because such can be considered as primarily benefitting the general public.

The FOIA Coordinator will waive the first \$20 of the processing fee for a request if the person requesting a public record submits an affidavit stating that they are:

- Indigent and receiving specific public assistance; or
- If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

An individual is not eligible to receive the waiver if:

- The requestor has previously received discounted copies of public records from the Road Commission twice during the calendar year; or
- The requestor requests information in connection with other persons who are offering or providing payment to make the request.

An affidavit is a sworn statement. The FOIA Coordinator may make a Fee Waiver Affidavit Form available for use by the public.

A nonprofit organization designated by the State to carry out activities under subtitle C of the Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402, and the Protection and Advocacy for Individuals with Mental Illness Act, Public Law 99-319, or their successors, will receive a waiver of the first \$20 of the processing fee for a request if the request meets all of the following requirements:

- Is made directly on behalf of the organization or its clients;
- Is made for a reason wholly consistent with the mission and provisions of those laws under Section 931 of the Mental Health Code, 1974 PA 258, MCL 330.1931;
- Is accompanied by documentation of its designation by the State.

Section 7: Appeal of a Denial of a Public Record

When a requestor believes that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, he or she may file an appeal of the denial with the Eaton County Board of Road Commissioners. The appeal must be in writing, specifically state the word “appeal” and identify the reason or reasons the requestor is seeking a reversal of the denial.

An appeal is not considered to have been received by the Eaton County Board of Road Commissioners until its first regularly scheduled meeting following the submission of the appeal. Within 10 business days of receiving the appeal, the Eaton County Board of Road Commissioners will respond in writing by:

- Reversing the disclosure denial;
- Upholding the disclosure denial; or
- Reverse the disclosure denial in part and uphold the disclosure denial in part.
- Under unusual circumstances, such as the need to examine or review a voluminous amount of separate and distinct public records or the need to collect the requested records from numerous facilities located apart from the office receiving or processing the request, the Eaton County Board of Road Commissioners may issue not more than 1 notice of extension for not more than 10 business days to respond to the appeal.

Whether or not a requestor submitted an appeal of a denial to the Eaton County Board of Road Commissioners, he or she may file a civil action in Eaton County Circuit Court within 180 days after the Road Commission’s final determination to deny the request.

If the court determines that the public record is not exempt from disclosure, the court will award the appellant reasonable attorneys’ fees, costs and disbursements. If the court determines that the appellant prevails only in part, the court, in its discretion, may award all or an appropriate portion of reasonable attorneys’ fees, costs and disbursements.

If the court determines that the Road Commission arbitrarily and capriciously violated the FOIA by refusing or delaying the disclosure of copies of a public record, it shall award the appellant punitive damages in the amount of \$1,000.

Section 8: Appeal of an Excessive FOIA Processing Fee

If a requestor believes that the fee charged by the Road Commission to process a FOIA request exceeds the amount permitted by State law, he or she must first submit a written appeal for a fee reduction to the Eaton County Board of Road Commissioners. The appeal must be in writing, specifically state the word “appeal” and identify how the required fee exceeds the amount permitted.

An appeal is not considered to have been received by the Eaton County Board of Road Commissioners until its first regularly scheduled meeting following the submission of the appeal. Within 10 business days of receiving the appeal, the Eaton County Board of Road Commissioners will respond in writing by:

- Waiving the fee;
- Reducing the fee and issuing a written determination indicating the specific basis that supports the remaining fee, accompanied by a certification by the Eaton County Board of Road Commissioners that the statements in the determination are accurate and the reduced fee amount complies with these Procedures and Guidelines and Section 4 of the FOIA;
- Upholding the fee and issuing a written determination indicating the specific basis that supports the required fee, accompanied by a certification by the Eaton County Board of Road Commissioners that the statements in the determination are accurate and the fee amount complies with these Procedures and Guidelines and Section 4 of the FOIA; or
- Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which the Eaton County Board of Road Commissioners will respond to the written appeal.

Within 45 days after receiving notice of the Eaton County Board of Road Commissioners’ determination of a fee appeal, a requestor may commence a civil action in Eaton County Circuit Court for a fee reduction. If a civil action is filed appealing the fee, the Road Commission is not obligated to process the request for the public record until the Court resolves the fee dispute.

If the court determines that the Road Commission required a fee that exceeds the amount permitted, it shall reduce the fee to a permissible amount. If the appellant in the civil action prevails by receiving a reduction of 50% or more of the total fee, the court may award all or an appropriate amount of reasonable attorneys’ fees, costs and disbursements.

If the court determines that the Road Commission has acted arbitrarily and capriciously by charging an excessive fee, the court shall also award the appellant punitive damages in the amount of \$500.

Section 9: Conflict with Prior FOIA Policies and Procedures; Effective Date

To the extent that these Procedures and Guidelines conflict with previous FOIA policies promulgated by the Eaton County Board of Road Commissioners or the Eaton County Road Commission, these Procedures and Guidelines are controlling. To the extent that any administrative rule promulgated by the

FOIA Coordinator subsequent to the adoption of this policy is found to be in conflict with any previous policy promulgated by the Eaton County Board of Road Commissioners or the Eaton County Road Commission, the administrative rule promulgated by the FOIA Coordinator is controlling.

To the extent that any provision of the Procedures and Guidelines or any administrative rule promulgated by the FOIA Coordinator pertaining to the release of public records is found to be in conflict with any State statute, the applicable statute shall control. The FOIA Coordinator is authorized to adopt such administrative rules as he or she may deem necessary to facilitate the legal review and processing of requests for public records made pursuant to Michigan's FOIA statute, provided that such modifications and rules are consistent with State law. The FOIA Coordinator shall inform the Eaton County Board of Road Commissioners of any change to these Procedures and Guidelines.

These FOIA Policies and Guidelines become effective July 1, 2015.

Section 10: Penalty for Violation of the Act

If the court determines in either an appeal of a denial of a public record, or the appeal of an excessive fee, that the public body willfully and intentionally failed to comply with the FOIA or otherwise acted in bad faith, then, in addition to any other award or sanction, the court shall impose a civil fine of not less than \$2,500 or more than \$7,500 for each occurrence.

The court is required to consider the budget of the public body and whether the public body has previously been assessed penalties for violations of the FOIA.

The civil fine is to be deposited to the general fund of the State treasury.

Adopted by the Board of Road Commissioners for the County of Eaton on **June 23, 2015**.
