DESCRIPTION

The Eaton County Road Commission is requesting quotes to supply and deliver a new 85-foot long, 128-inch span x 83-inch rise, corrugated metal pipe arch culvert.

MATERIALS

The materials covered by this proposal shall be in accordance with the Michigan Department of Transportation 2020 Standard Specifications for Construction, and as specified herein.

The culvert materials shall meet requirements in sections 401 and 909 of the 2020 MDOT Standard Specifications and shall be designed for HS-25 loading with a minimum 2.0' of cover and a maximum 3.0' of cover. The culvert shall meet tables 909-6, 909-7, and 909-10. Materials shall be Aluminized Type 2 or Polymer-precoated.

The supplier shall furnish written certification that culvert design as furnished will meet these specifications.

DELIVERY

As directed by the Engineer, the culvert shall be delivered to the Eaton County Road Commission Charlotte Garage at 1112 Reynolds Road, Charlotte, MI 48813, or to the intersection of Royston Road and Five Point Highway, which is near address 5954 E Five Point Hwy, Eaton Rapids, MI 48827. Road Commission crews will unload the culvert materials delivered to the garage. If delivered to the site, the installation contractor will be on site to unload the materials. The culvert supplier will be responsible for coordinating directly with the installation contractor for the delivery schedule and unloading of the culvert materials. Prior to delivery, the supplier shall provide instructions for unloading including the unloading equipment required (chains, hooks, straps, etc.) to unload the culvert.

QUOTE REQUIREMENTS

The quote for the delivered culvert materials shall include:

- Proposed lead time for delivery of the culvert materials.
- Culvert material type
- Gauge thickness of the culvert material
- Number of sections

MEASUREMENT AND PAYMENT

Payment will be made within 30 days after all culvert materials have been delivered. Materials shall include all materials necessary for a complete assembly of the culvert.
